I have used Uber on numerous occasions and have had much more preferable experiences with them compared to the traditional taxi services in Charleston. It is nice to be able to use the interactive app to locate available cabs as well as not having to wait, at times, over 45 minutes for a pickup. I like being able to see a photo of the driver coming to pick me up and know that Uber has done the background research to certify my driver's driving record as well as not having a criminal background. Please do not impede this company's entry into our marketplace.

To whom it may concern,

I am extremely disappointed in PSC's decision to cease Uber services in this State and am writing my congressmen to notify them as well. I ask that you rethink this poor decision and immediately allow the citizens of SC to have the choice to use Uber as a means of transportation.

Thank you,

Geoffrey Fourquarean

Subject: KEEP UBER!!

Keep Uber in South Carolina!!! It is the greatest, safest ride service!! The local taxi companies have terrible response time, dirty cars, and impolite drivers who I do not feel safe with. Every Uber experience I have had has been EXCEPTIONAL with the drivers being extremely kind and professional. Please do not get ride of this great company from our state. With any questions, please email me, and I will vouch for the company.
